

Raja Rogers Meeting Notes
May 16, 2006

1. Jane Bialosky gave a summary of the latest news on Consciousness-Based Education, including a tour by Dr. Hagelin, Dr. Rutherford, Dr. Ashley Deans, etc. It has been very well received.
2. Patricia Cox: Were you able to find out if we should pursue TM in juvenile detention centers? Maharishi is extremely focused on the projects the Rajas are on with Dr. Eike Hartman and Dr. Bevan Morris. Rajas have been in VT, NH, MA, CT, NY and NJ in the last few days – doing a lot of promotion and looking for land.
3. Patricia Cox: There is a man who has been hired to find a solution in a 7 county area for juvenile offenders. How should I proceed? Go by and visit with him. Then we'll take it there. Will check with Dr. Hagelin and Dr. Morris.
4. Where to get the forms for a builder to sign? He has signed the confidentiality forms. Raja Rogers will ask Eike-ji. Ed David should just go ahead. Raja Rogers will give him a call tomorrow. He won't have to pay any Sthapatya Veda fees since he is going to be donating the building. Raja Rogers will look into the Muhurt.
5. Diana Williams and Joe Innella and Jeff Litwin met with a developer and a builder today in Charleston, SC. Developer is 20 yr vipasana meditator and knows John Hagelin from conferences. The builder is a meditator and small scale builder. They are very open to building.
6. Raja Rogers: Focus now is land. Maharishi is in a land-acquiring mood these days. Dr. Feldman was on another project for a few days, but now the submittals of Gainesville and Atlanta will be processed.
7. Gainesville: The powerline situation and the cell phone tower are okay.
8. Connie in Chattanooga: Found out what permits were needed by going to the City Development Office. Need Land disturbing activity permit, building permit. Then there is a pre-submittal meeting where you have to have at least the site plans. Then in final review you have to have 8 copies of the civil site plan. Raja Rogers: Find out what is needed to pull a site plan together.
9. Jeff Murphy: Offered a job to two licensed massage therapists. Can we offer some other kind of massages other than Vedic Spa treatments? Yes, Raja Konhaus was working with NetSuite people so that those massages would be an option.
Lexington plans on hours 12-6 Tues-Sat for treatments. If Directors are not around, how do the therapists make NetSuite entries?
10. Raja Rogers went to a nice MEC in Summit, NJ. They have a spa. Up to 15 MEC's are being opened in CA. Just opened in Marriott Hotel in CA.
11. Jeff Murphy wanted to offer 16 hour short course on Yoga. Is it available? Dr. Mauk and the vaidyas are revising the 16 hours course. Not released yet.
12. Patricia Cox: Okay if I look for land in other cities, Miami or Ft. Myers? Yes
13. Stuart: 19 people on RC/WPA. The facility was ideal. Have 6 CIC applicants. Very active with 3 people learning TM this weekend, etc.

14. Maharishi wants to assemble 1000 acres to start the Global Financial Center in NY. Feeling is that due to the skewed vastu of Wall Street (even though people make a lot of money) the whole world is not taken into account – many people in poverty.
